It was a great class and I'd 100% recommend that students take it.
Very good
very high quality.

How can Jessie Grizzle improve the teaching of this course? (Q901)

Comments
Jessy Grizzle can improve the teaching of this course by adding more office hours as he was very helpful.
Very good
I had a good experience in this class

Please comment on perceived strengths and weaknesses of lectures, labs, and/or recitations.

Comments
The labs & recitations were very helpful, even though the lectures became a bit tiresome as they ran long.
Very good quality
labs helped me understand the home works

Please comment on perceived strengths and weaknesses of HW drill problems, juliahws, and the projects.

Comments
The HW drill problems were pretty easy, the juliahws were pretty difficult and the projects were pretty understandable although I'd wish to be able to do more of the projects rather than just run some of the prewritten code.
Autograder that gave your score would be better. Besides that its good.
